IdlePro Extreme® Alternators

System Voltage	24V
Temperature Rating	-40ºC to 125ºC
Diodes	12
Lamp Driver	High or low side driver
Mounting	J180 Hinge Mount
	Pad Mount
Output	250-Amp to 275-Amp
Rotation	Clockwise
Weight	39 lbs. / 17.7 kg
Warranty	1-Year/3,000 Hours
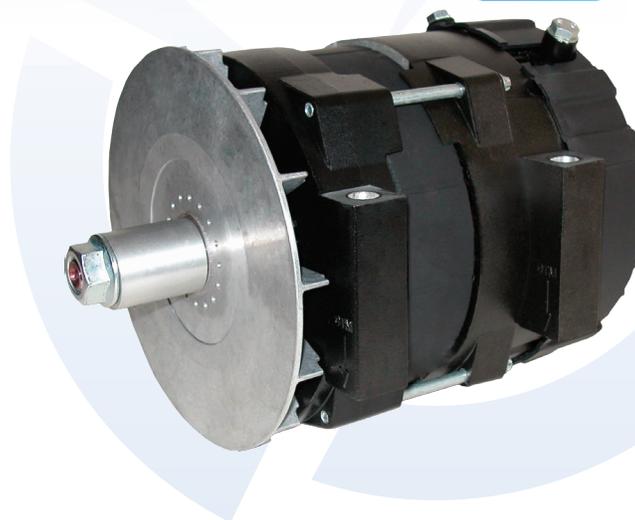

Additional Specifications

PRESTOLITE	VOLTS	AMPS	MOUNTING
BLD4102H	24	250	J180
BLD4105	24	275	J180
BLP4101H	24	250	Pad
BLP4106	24	275	Pad

Lightweight Design to Ease Service Concerns

At 39 lbs., the IdlePro Extreme alternator allows for versatility in the field for service concerns. Mining operators can utilize a one-person service and installation process versus a heavier alternator that requires a two-person service and installation team.

Long-Lasting Power You Can Count On

Comparable starters will give you a service life of 2,000 to 3,500 service hours. The PowerPro Extreme 12 is proven to last almost twice as long as that, significantly reducing your replacement costs.

Lightweight Design to Ease Service Concerns

At 36 lbs., the PowerPro Extreme starter allows for versatility in the field for service concerns. Mining operators can utilize a one-person service and installation process versus a heavier starter that requires a two-person service and installation team.
